Index to Volume 43

Authors and Titles

Adams, M. A. *See* Marsh, N. R.
Adkins, A. L., Godwin, I. D., and Adkins, S. W.
An efficient *in vitro* regeneration system for Australian-grown chickpea (*Cicer arietinum*) cultivars 491
Adkins, S. W., Kunanuvatchaidach, R., and Godwin, I. D.
Somaclonal variation in rice—drought tolerance and other agronomic characters 201
Adkins, S. W. *See also* Adkins, A. L.; Kunanuvatchaidach, R.; Wagih, M. E.
Anton, A. M., and Connor, H. E.
Floral biology and reproduction in *Poa* (Poeae: Gramineae) 577
Arena, M. E. *See* Martínez Pastur, G. J.
Ash, J. E. *See* Willis, A. J.

Bacon, P. E. *See* Stone, C.
Barker, P. C. J., and Wardlaw, T. J.
Susceptibility of selected Tasmanian rare plants to *Phytophthora cinnamomi* 379
Barnes, R. *See* Jordan, G. J.
Bell, D. T. *See* James, S. A.; Plummer, J. A.; Rokich, D. P.
Bell, R. W. *See* Yates, C. J.
Berryman, C. A. *See* Eamus, D.
Birch, R. G. *See* Ross, A. H.; Walmsley, A. M.
Bowman, D. M. J. S., Latz, P. K., and Panton, W. J.
Pattern and change in an *Acacia aneura* shrubland and *Triodia* hummock grassland mosaic on rolling hills in central Australia 25
Brophy, J. J. *See* Doran, J. C.
Brown, P. H. *See* List, S.

Crawford, A. D. *See* Plummer, J. A.
Colhoun, E. A. *See* Macphail, M. K.
Connor, H. E. *See* Anton, A. M.

Dahler, J. M., McConchie, C. A., and Turnbull, C. G. N.
Quantification of cyanogenic glycosides in seedlings of three *Macadamia* (Proteaceae) species 619
Davison, E. M., and Tay, F. C. S.
Damage to surface roots of *Eucalyptus marginata* trees at sites infested with *Phytophthora cinnamomi* 527
Deverall, B. J. *See* Silva, W. P. K.
Dillon, M. *See* Shearer, B. L.
Drinnan, A. N. *See* Neish, P. G.
Doran, J. C., Williams, E. R., and Brophy, J. J.
Patterns of variation in the seedling leaf oils of *Eucalyptus urophylla, E. pellita* and *E. scias* 327
Duff, G. A. *See* Eamus, D.; Fordyce, I. R.

Eamus, D., Berryman, C. A., and Duff, G. A.
The impact of CO_2 enrichment on water relations in *Maranthes corymbosa* and *Eucalyptus tetrodonta* 273
Eamus, D. *See also* Fordyce, I. R.

Fitzsimons, S. J. *See* Macphail, M. K.
Fordyce, I. R., Duff, G. A., and Eamus, D.
The ecophysiology of *Allosyncarpia ternata* (Myrtaceae) in northern Australia: tree physiognomy, leaf characteristics and assimilation at contrasting sites 367

Godwin, I. D. *See* Adkins, A. L.; Adkins, S. W.; Kunanuvatchaidach, R.
Gordon, G. H. *See* Wagih, M. E.
Groves, R. H. *See* Willis, A. J.

Henry, R. J. *See* Walmsley, A. M
Hill, R. S. *See* Jordan, G. J.
Hobbs, R. J. *See* Yates, C. J.
Hopper, S. D. *See* Sampson, J. F.
Hutley, L. B. *See* Yates, D. J.

Ivancic, A.
Abnormal and unusual inflorescences of taro, *Colocasia esculenta* (Araceae) 475

James, S. A., and Bell, D. T.
Morphology and anatomy of leaves of *Eucalyptus camaldulensis* clones: variation between geographically separated locations 415
James, S. H. *See* Sampson, J. F.
Jordan, G. J., Macphail, M. K., Barnes, R., and Hill, R. S.
An Early to Middle Pleistocene flora of subalpine affinities in lowland western Tasmania 231

Kirkpatrick, J. B. *See* Lynch, A. J. J.
Kunanuvatchaidach, R., Godwin, I. D., and Adkins, S. W.
High efficiency plant regeneration from callus induced on mature *Indica* rice caryopses 337
Kunanuvatchaidach, R. *See also* Adkins, S. W.

Ladiges, P. Y. *See* Neish, P. G.
Lamont, B. B., and Markey, A.
Biogeography of fire-killed and resprouting *Banksia* species in south-western Australia 283
Latz, P. K. *See* Bowman, D. M. J. S.
Lev-Yadun, S.
Short secondary vessel members in branching regions in roots of *Arabidopsis thaliana* 435
List, S., Brown, P. H., and Walsh, K. B.
Functional anatomy of the oil glands of *Melaleuca alternifolia* (Myrtaceae) 629
Lunt, I. D.
Seed longevity of six native forbs in a closed *Themeda triandra* grassland 439
Lynch, A. J. J., and Kirkpatrick, J. B.
Pattern and process in alpine vegetation and landforms at Hill One, Southern Range, Tasmania 537
Lyon, B. R. *See* Silva, W. P. K.
Lynch, A. J. J., and Vaillancourt, R. E.
Genetic diversity in the endangered *Phebalium daviesii* (Rutaceae) compared to that in two widespread congeners 181

Macphail, M. K., Colhoun, E. A, and Fitzsimons, S. J.
Key periods in the evolution of the Cenozoic vegetation and flora in western Tasmania: the late Pliocene 505
Macphail, M. K. *See also* Jordan, G. J.
Manners, J. M. *See* Ross, A. H.
Markey, A. *See* Lamont, B. B.
Marsh, N. R., and Adams, M. A.
Decline of *Eucalyptus tereticornis* near Bairnsdale, Victoria: insect herbivory and nitrogen fractions in sap and foliage 39
Martínez Pastur, G. J., and Arena, M. E.
In vitro propagation of juvenile *Nothofagus obliqua* 601
Masuhara, G. *See* Perkins, A. J.
McChesney, C. J. *See* Pate, J. S.
McConchie, C. A. *See* Dahler, J. M.
McGee, P. A. *See* Perkins, A. J.
Meney, K. A. *See* Pate, J. S.
Morgan, J. W.
Ecological studies of the endangered *Rutidosis leptorrhynchoides*. I. Seed production, soil seed bank dynamics, population density and their effects on recruitment 1
Ecological studies of the endangered *Rutidosis leptorrhynchoides*. II. Patterns of seedling emergence and survival in a native grassland 13
Multani, D. S. *See* Silva, W. P. K.

Neish, P. G., Drinnan, A. N., and Ladiges, P. Y.
Anatomy of leaf-margin lenticels in *Eucalyptus denticulata* and three other eucalypts 211

O' Brien, S. P.
Extrafloral nectaries in *Chamelaucium uncinatum*: a first record in the Myrtaceae 407

Panton, W. J. *See* Bowman, D. M. J. S.
Pate, J. S., Rasins, E., Thumfort, P. P., McChesney, C. J., and Meney, K. A.
Occurrence of the unusual amino compound *S*-methyl cysteine in Australian members of the Restionaceae: biological and taxonomic significance 73
Perkins, A. J., Masuhara, G., and McGee, P. A.
Specificity of the associations between *Microtis parviflora* (Orchidaceae) and its mycorrhizal fungi 85
Perkins, A. J., and McGee, P. A.
Distribution of the orchid mycorrhizal fungus, *Rhizoctonia solani*, in relation to its host, *Pterostylis acuminata*, in the field 565
Pickering, C. M.
Variation in flowering parameters within and among five species of Australian alpine *Ranunculus* 103
Pickering, C. M. *See* Plummer, J. A.
Plummer, J. A., and Bell, D. T.
The effect of temperature, light and gibberellic acid (GA_3) on the germination of Australian everlasting daisies (Asteraceae, tribe Inulae) 93
Plummer, J. A., Crawford, A. D., and Taylor, S. K.
Germination of *Lomandra sonderi* (Dasypogonaceae) promoted by pericarp removal and chemical stimulation of the embryo 223

Prober, S. M., and Thiele, K. R.
Conservation of the grassy white box woodlands: relative contributions of size and disturbance to floristic composition and diversity of remnants 349

Rasins, E. *See* Pate, J. S.
Read, J.
The importance of comparative growth rates in determining the canopy composition of Tasmanian rainforest 243
Rogers, R. W.
Vegetative attributes, taxonomy, and character syndromes in grasses around a sheep camp on the Northern Tablelands of New South Wales 317
Lichen succession on leaves of the rainforest shrub, *Capparis arborea* (Capparaceae) 387
Rokich, D. P., and Bell, D. T.
Light quality and intensity effects on the germination of species from the jarrah (*Eucalyptus marginata*) forest of Western Australia 169
Ross, A. H., Manners, J. M., and Birch, R. G.
Embryogenic callus production, plant regeneration and transient gene expression following particle bombardment in the pasture grass, *Cenchrus ciliaris* (Gramineae) 193
Ryan, C. C. *See* Wagih, M. E.

Sampson, J. F., Hopper, S. D., and James, S. H.
The mating system and genetic diversity of the Australian arid zone mallee, *Eucalyptus rameliana* 461
Scott, J. K., and Yeoh, P. B.
The rediscovery and distribution of *Rumex drummondii* (Polygonaceae) in south-western Australia 397
Shearer, B. L., and Dillon, M.
Susceptibility of plant species in *Eucalyptus marginata* forest to infection by *Phytophthora cinnamomi* 113
Silva, W. P. K., Multani, D. S., Deverall, B. J., and Lyon, B. R.
RFLP and RAPD analyses in the identification and differentiation of isolates of the leaf spot fungus *Corynespora cassiicola* 609
Stace, H. M.
Protogyny, self-incompatibility and pollination in *Anthocercis gracilis* (Solanaceae) 451
Stone, C., and Bacon, P. E.
Influence of insect herbivory on the decline of black box (*Eucalyptus largiflorens*) 555
Taplin, R. *See* Yates, C. J.
Tay, F. C. S. *See* Davison, E. M.
Taylor, S. K. *See* Plummer, J. A.
Thiele, K. R. *See* Prober, S. M.
Thumfort, P. P. *See* Pate, J. S.
Turnbull, C. G. N. *See* Dahler, J. M.

Vaillancourt, R. E. *See* Lynch, A. J. J.

Wagih, M. E., Gordon, G. L., Ryan, C. C., and Adkins, S. W.
Development of an axillary bud culture technique for Fiji virus disease elimination in sugarcane 135
Walmsley, A. M., Henry, R. J., and Birch, R. G.
Optimisation of tissue culture conditions for transformation studies using immature embryos of Australian barley cultivars 499
Walsh, K. B. *See* List, S.
Wardlaw, T. J. *See* Barker, P. C. J.
West, C. J.
Sustainability of *Beilschmiedia tawa*-dominated forest in New Zealand: population predictions based on transition matrix model analysis 51
Williams, E. R. *See* Doran, J. C.
Willis, A. J., Ash, J. E., and Groves, R. H.
The effects of herbivory by a mite, *Aculus hyperici*, and nutrient deficiency on growth in *Hypericum* species 305

Yates, C. J., Taplin, R., Hobbs, R. J., and Bell, R. W.
Factors limiting the recruitment of *Eucalyptus salmonophloia* in remnant woodlands. II. Post-dispersal seed predation and soil seed reserves 145
Yates, D. J., and Hutley, L. B.
Foliar uptake of water by wet leaves of *Sloanea woollsii*, an Australian subtropical rainforest tree 157
Yeoh, P. B. *See* Scott, J. K.
